

Homework 17

The table of the properties of Parallelograms, Rectangles, Rhombi and Squares:

Property	Parallelogram	Rectangle	Rhombus	Square
Opposite sides	Equal in length	Equal in length	Equal in length	Equal in length
Opposite angles	Equal in measure	Right angles (90 degrees)	Equal in measure	Right angles (90 degrees)
Consecutive angles	Supplementary	Supplementary	Supplementary	Supplementary
Diagonals	Bisect each other	Congruent and bisect each other	Perpendicular bisectors of each other	Congruent and bisect each other
